## Cordova PDF library

Nutrient is an SDK for viewing, annotating, editing, and creating PDFs. It offers developers a unified JavaScript API to add PDF functionality to any Cordova application.

PSPDFKit Cordova is being sunset and will not receive future updates after 1 December 2025. It remains available as source code, should you want to maintain it yourself. All licenses will remain valid and fully supported until 1 December 2025, or until your license expires, whichever occurs later. Interested in transitioning to another Nutrient product? [Contact us](#) and we'll be happy to help.

## Key capabilities

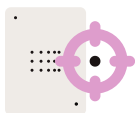

## Beautiful UI

Simple, easy to use, and highly customizable
