PSPDFKit (now Nutrient) Ionic is being sunset and will not receive future updates after 1 December 2025. It remains available as source code, should you want to maintain it yourself. All licenses will remain valid and fully supported until 1 December 2025, or until your license expires, whichever occurs later. Interested in transitioning to another Nutrient product? [Contact us](#) and we'll be happy to help.

Key capabilities

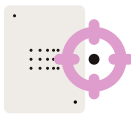

Beautiful user interface (UI)

Intuitive, easy-to-use, and highly customizable interface for seamless PDF viewing and editing in Ionic applications

Unified JavaScript API

Bridges low-level iOS and Android APIs, offering a consistent development experience across platforms

High-fidelity rendering

Powered by a reliable PDFium-based rendering engine for accurate and consistent PDF viewing

Prebuilt features

Comprehensive tools to annotate, edit, eSign, fill forms, redact sensitive data, and more, all within an Ionic PDF viewer framework

File type support
