Ionic PDF library

 COPY PAGE

Nutrient is an SDK for viewing, annotating, editing, and creating PDFs. It offers developers a unified JavaScript API for both Android and iOS to add PDF functionality to any Ionic application.

Nutrient SDKs are trusted by world's most popular applications, including Autodesk, Disney, UBS, Dropbox, IBM, and Lufthansa. Nutrient's powerful solutions enable seamless integration of PDF editing features into your applications, delivering reliability and efficiency to world-class enterprises.

⋮

PSPDFKit (now Nutrient) Ionic is being sunset and will not receive future updates after 1 December 2025. It remains available as source code, should you want to maintain it yourself. All licenses will remain valid and fully supported until 1 December 2025, or until your license expires, whichever occurs later. Interested in transitioning to another Nutrient product? [Contact us](#) and we'll be happy to help.

Key capabilities

ASK AI
