# PDF search library in UWP

Search across PDF documents, pages, and annotations for matching text. Nutrient UWP SDK offers developers an API for programmatic full-text search, as well as a customizable UI for searching and highlighting relevant matches.

Nutrient SDKs are trusted by world's most popular applications, including Autodesk, Disney, UBS, Dropbox, IBM, and Lufthansa. Nutrient's powerful solutions enable seamless integration of PDF editing features into your applications, delivering reliability and efficiency to world-class enterprises.

## Key capabilities

- ⌘ **Full-text search** — Programmatically or by using the UI
- ⌘ **Indexed search** — Search inside multiple PDFs at once
- ⌘ **Customizable UI** — Adjust the search form to match your look & feel
- ⌘ **Extendable** — Add annotation, extraction, redaction, and more
