# Download UWP library

This page lists the latest version of Nutrient available for manual integrations of our UWP PDF Library.

To see details about the recent changes, visit our [changelog](#).

For instructions on how to use updated or new features, see our [migration guides](#).

FRONTEND	LATEST VERSION	GET STARTED
UWP	<a href="#">Download</a>	<a href="#">Guide</a>
Xamarin.Forms	<a href="#">Download</a>	

Our Support team can grant access to nightly builds for special situations, such as if you need to verify if a feature or bug fix is working as intended.

For new users, visit our [free trial page](#) to get started integrating Nutrient into your project.
