Example project for Nutrient Java SDK

COPY PAGE

Nutrient Java SDK comes with an example application called the Catalog app, which contains many useful examples for exploring the different features of Nutrient and getting started quickly. You can find the app in the `Example` folder of the SDK zip file. The SDK zip file can be downloaded from the [Nutrient Portal](#) or by [requesting an evaluation license](#) of Nutrient.

Windows

Requirements

-  Windows 10 (1607+, Anniversary Update)
-  JDK8+ from [Oracle](#) or [Adopt](#)
-  [Gradle](#)

Running the Catalog app

To build the Catalog app:

ASK AI

- ✦ Extract `PSPDFKit-java-{version}.zip` to your desired location and `cd` into the root of its directory.
- ✦ `cd` into the Catalog (`cd catalog`).
- ✦ Replace the `YOUR_LICENSE_KEY_GOES_HERE` string in `build.gradle` with the trial or development activation key you have been issued.
- ✦ Build and run the Catalog application (`gradlew.bat runJava`).

Linux

Requirements

- ✦ Ubuntu 18.04 (other distros and versions will also work)
- ✦ JDK8+ (`sudo apt install default-jdk`)
- ✦ Gradle or JetBrains IntelliJ IDEA

Mac

Requirements

- ✦ macOS 10.14.6 Mojave
- ✦ JDK8+ (`brew cask install java`)
- ✦ Gradle (`brew install gradle`)

Running the Catalog app

To build the Catalog app:

- ✦ Extract `PSPDFKit-java-{version}.zip` to your desired location and `cd` into the root of its directory.
- ✦ `cd` into the Catalog (`cd catalog`).
- ✦ Replace the `YOUR_LICENSE_KEY_GOES_HERE` string in `build.gradle` with the trial or development activation key you have been issued.
- ✦ Build and run the Catalog application (`./gradlew runJava`).
