

Java Introduction to annotations [HOME](#)  [GUIDES](#)  [JAVA](#)  [ANNOTATIONS](#)  [ANNOTATION TYPES](#)

Supported PDF annotation types in Java

COPY PAGE

Nutrient Java SDK supports most common annotation types:

-  Link
-  Highlight, Underline, Strikeout, Squiggle, Redaction
-  Text
-  Ink
-  Ellipse, Rectangle, Line, Polyline, Polygon
-  Note

These are standard annotations (as defined in the PDF Reference) that can be read and written by many apps, including Adobe Acrobat.
